

Adopt A Family

Please support our Hurricane Relief Initiative by making this commitment to success for a family.

We are asking that you/your organization commit to 3 months of support for a family that has endured unspeakable loss and trauma.

By completing this form you agree to be a mentor, guide and be a resource for this family. Upon the receipt of this form, you will be connected to a family and a needs assessment will follow.

Our goal is to provide a “human’ touch to the giving process. Dignity, empathy and HOPE are the goals of this program.

Their needs may be as simple as clothing/food and or as complex as guidance as they navigate job hunting in a new city.
